

D'Anglerz

Gut Rock.

Starting as a classic-rock trio, Swiss/Californian hard rock **D'ANGLERZ** has evolved their sound over the years, imbibing inspiration from punk, metal, blues to glam— to forge their own sound defying classification. Influences include Aerosmith, Guns N' Roses, Monster Magnet, Zeppelin, Hole, Crüe & AC/DC.

With an all new line up & a theatric stage show recalling Alice Cooper, Rob Zombie and Melissa Auf der Maur, D'ANGLERZ promise not to disappoint in 2012.

D'ANGLERZ are currently in the studio recording their first full length album featuring guest appearances from well-known artists around the world.

Their version of *"Big God"* appears on the 2011 Monster Magnet Tribute, *"Kiss the Right Side of Your Brain"*. Their sailing single, *"Still Breathing"* can be found on the 2010 double CD, *Resonance*.
